### What is the Wayne County Mini Maker Faire?

Part Science fair, part county fair, and part something entirely new, the Maker Faire is a family-friendly festival of invention, creativity and resourcefulness.

### A Celebration of the Maker Movement!

An all-ages gathering of tech enthusiasts, crafters, educators, tinkerers, hobbyists, engineers, science clubs, authors, artists, students, & commercial exhibitors. All these “makers” come to Maker Faire to show what they have made & to share what they have learned.
